

CHINA DECLARES
NATION IS FREE

Declaration Takes Form of Address to the World.

CABINET PRAISES DOCUMENT

President Wilson and His Advisers Enthusiastic Over the Sentiments Expressed and Formal American Recognition of the Republic Only Awaits Actual Organization of the Constituent Assembly.

Washington, April 12.—The Chinese declaration of independence, which took the form of an address to the world, was cabled here from Peking and after being read in the cabinet meeting was made public. State department officials declared it reflected the influence of the young Chinese members who have been educated in American colleges. The president and his cabinet praised it enthusiastically and formal recognition of the republic by the United States awaits only the actual organization of the constituent assembly, which meets again soon in Peking. The text of the address follows:

"On this eighth day of the fourth month in the second year of the republic of China, the date fixed for the first opening of our permanent national assembly, the members of the senate and the house of representatives, having met in these halls to celebrate the event, now make this declaration of their sentiments.

"The will of heaven is manifested through the will of the people. That the hundreds of millions of the people possess the authority of the state is proclaimed now for the first time. The monarchy, so long corrupt, proved unworthy of the grave responsibilities entrusted to it by the will of the people, but with the introduction of popular government the representatives of the people must share the likes and dislikes of the people.

Voice Will of the People.

"They are to give expression to the desires and voice the will of the people; they hold the reins in behalf of the nation to govern with severity or leniency, with parsimony or extravagance. They become the pivot upon which the prosperity of the state is made to turn. For the success or failure, safety or danger, adversity or good fortune, theirs is the merit or the blame.

"Can we be otherwise than anxious? Yet through great tribulation the spring comes to prosperity. Now, therefore, we unite to form this assembly and presume to publish our aspirations. May ours be a just government! May our five races lay aside their prejudices! May rain and sunshine bring bounteous harvest and cause the husbandman to rejoice! May the scholar be happy in his home and the merchant conduct his trade in peace! May no duty of government be unfulfilled and no hidden wound go unredressed!

"Thus may the glory be spread abroad, and these, our words, be echoed far and wide that those in distant lands who hear may rejoice. Our neighbors on every side give us praise and may the new life of the old nation be lasting and unending! Who of us can dare to be neglectful of his duties?"

GAVE BIRTH TO QUINTUPLETS

Mother Writes Relative Physicians Expect All Five to Live.

Ithaca, N. Y., April 12.—A quintet of infants was born recently to Mrs. Charles Smith of Danby, a few miles south of here. Mrs. Smith writes her nephew, Robert Wafer, a prominent Ithaca street railway official, that the five are well and healthy and the physicians expect them to live.

It is said that the birth of quintuplets has been recorded in this country only three times.

FROM FARMER TO CONSUMER

Texas Will Sell Vegetables Cheap in Chicago.

Chicago, April 12.—Vegetables at cost, direct from the farmer to the consumer, will be available in this city after April 25, according to a plan of Texas farmers to demonstrate the possibility of economy in the distribution of farm products. Thirty of them have formed an association to begin the attack on the cost of living.

April 25 will see the beginning of a shipment of 200 carloads of Bermuda onions to this city. At distributing stations they will be sold at 3 cents a pound in ten-pound cartons. Hampers containing an assortment of fresh vegetables, enough to last a family of five one week, will be sold for \$1.20.

SENATOR OWEN.

May Prepare Bill for Bank Guaranty.

URGES BANK GUARANTY PLAN

Senator Owen Likely Will Propose Measure.

Washington, April 12.—A modified form of bank guaranty probably will be recommended by Senator Owen, chairman of the senate banking and currency committee, when the committee begins preparation of a currency reform bill. His present plan is not for a direct guaranty of bank deposits, but for the establishment of a fund to insure immediate payment to creditors and depositors when a bank is forced to close its doors.

Senator Owen said he believed that such a fund out of which the depositors could be paid immediately, in proportion to the visible assets of the defunct bank, would be a great factor in allaying panic and preventing financial distress.

WILL INVESTIGATE
HOMESTEAD CASES

Special Agent Will Be Sent to South Dakota.

Washington, April 12.—Investigation of the protest of the South Dakota legislature against the "abuses coincident to the system of employing special agents in homestead cases," will be conducted by a personal representative of Secretary Lane of the interior department. The inquiry may be extended to include other Western states.

Secretary Lane wrote to Secretary of State Glaser of South Dakota, notifying him that a personal representative would be sent and asking that he be given "such aid as will lead to the adoption of an appropriate remedy for whatever evils at present exist."

"I wish to make our service one under which all the rights of homesteaders will be protected by reasonable and just regulations and to support the government's representatives strongly in doing their duty. But, of course, arbitrary acts, or malicious acts, must be condemned."

Secretary Lane said complaints against special agents often came from persons who were evading the law.

PARCEL OUT THEIR WORK

House Progressives Confer on Legislative Program.

Washington, April 12.—The Progressive conference of the house parceled out the work of preparing the measures that will form a part of the Progressive legislative plan. The house members will work in conjunction with the legislative committee of the national Progressive party, of which Gifford Pinchot, Jane Addams, Dean Lewis of Pennsylvania university, Walter Weyl and other prominent persons are members.

Ten legislative subjects were assigned at the conference. Bills on these subjects will be prepared by the members assigned to them and will form the basis for the legislative campaign of the Progressives in the present congress.

CAUCUS MAKES ONE CHANGE

House Democrats Put Shoe Machinery on Free List.

Washington, April 12.—Shoe machinery, now taxed 45 per cent and on which a reduction of 25 per cent was proposed by the tariff revision bill, was ordered transferred to the free list by the Democratic caucus of the house. It was the first real break of the Democrats from the ways and means committee rates.

Another development was the agreement of Louisiana members on an anti-free sugar program in the caucus, with Representative Broussard on guard to offer a series of amendments to the sugar schedule to represent the sentiment of the Louisiana cane sugar interests and the beet sugar sections.

DEMOCRATS SEEK
TARIFF AGREEMENT

Party Program May Avert Divisions.

LEADERS OUTLINE PLANS.

Method Now in Vogue Supersedes Original Idea of Revenue Legislation, but Has Become Established Through Use by Parties in Control—Vic Murdock's Big Job.

By ARTHUR W. DUNN.

Washington, April 12.—[Special.]—The effort the Democrats have been making toward securing a general agreement upon the tariff bill, which is to be passed, is a shrewd move. It prevents all sorts of divisions and complications. If such an agreement can be carried out it will prevent anything like factional disturbances and possible defeat of the bill when it is almost ready to pass.

An agreement between the leaders of the house and senate and the president may not insure all the Democratic votes for the measure, but it means going straight ahead with a party program, and those who do not like it will have to content themselves by protesting.

Of course such a method of making a tariff is going far afield from the original idea of lawmaking. The constitution provides that the revenue legislation shall originate in the house, seemingly giving the house control, but the later method has superseded that style.

Like Republican Times.

The Democratic way reminds one of the methods adopted by the Republicans in the days when they held sway in the nation. A few leaders of the house, a few in the senate and the president would get together in the White House and outline a programme and follow it. The rank and file came along as a matter of course.

There were "kickers," of course, who finally became insurgents, and the insurgents became Progressives, and finally there was a divided party. It is not quite the Democratic way to have a few leaders fix things for the rank and file to support, but it appears the best way to prevent divisions.

Vic Murdock's Big Job.

Victor Murdock is the congressional leader of the Progressive party, and it is up to him to show the country that his party is a real factor in politics. Just now the Republicans are trying to prove that the Progressive party is losing its grip, that only when Roosevelt is the candidate is there any real Progressive party and that when the next elections are held the Progressives will have returned to their old allegiance.

In the senate there are Progressives, but no separate Progressive organization. The men who were Republicans have been reorganized as such by the Republican organization. Hence there is no Progressive leader in the senate. It falls upon Murdock to be the congressional leader in the days that will be hardest for the party.

Texas and the Cabinet.

There are a number of states of the Union which have never been represented in the cabinet. But Albert Sidney Burleson is the first Texan that ever held a cabinet place, although the state was admitted in 1845, nearly twenty years ago. It seems rather strange, for Texas has always been a large state with a large population.

Other States Not Recognized.

Rhode Island, although one of the original thirteen states, has never had a man in the cabinet. Florida is another old state that has not been so honored, and Kansas, with more than fifty years of statehood, is in the same category. Nevada is another old state without that distinction.

The other states, all admitted less than twenty-five years, which have received no cabinet appointments are Arizona, Idaho, Montana, New Mexico, North Dakota, Oklahoma, South Dakota, Washington and Utah.

'Twas Not So Easy.

Champ Clark was one of the disappointed Democrats when it was found that economy had been thrown to the winds. When he was minority leader he savagely attacked the Republican side for its extravagance, quoting Senator Aldrich's assertion that a business man could run the government for \$300,000,000 less than it now costs. Champ said he would make an effort to carry out that reform. But, alas for human endeavor! The first congress over which he presided increased instead of diminished the expenditures.

Trouble Makers.

All sorts of trouble is predicted for states which are to elect senators by direct vote in case thirty-six states ratify the Borah-Bristow resolution. Many states have made no provision for such elections, and it is claimed that state legislatures must act before elections can be held. Governors in states where elections are pending will have to call extra sessions to provide a system or, rather, the machinery by which the people can vote for their senators.

For several weeks he has suffered considerable pain and he was taken to the hospital for constant attention and complete rest from his work.

VICE IS PREVALENT
IN CHICAGO HOTELS

Many Women Kill Themselves Because Penniless.

Chicago, April 12.—Testimony as to the assistance of certain downtown hotels in furthering the downfall of young girls was given at the session of the Illinois legislative white slavery commission, which is attempting to uncover the reasons why girls drift into immoral lives.

After juvenile court officers and social workers had testified concerning immoral dance halls and one girl witness had told her story of her ruin George Tollen, an employ of a hotel a few doors from detective headquarters, took the stand and told of how girls as young as fifteen years of age were brought to the place.

Young women were often brought there in taxicabs in a state of intoxication, Tollen declared. He said that he had often heard girls sobbing and pleading in the rooms. The sixteen rooms of the place were rented nightly to an average of one hundred couples, he said.

The proprietor of a dance hall, who was brought into court after his name had been furnished by the Juvenile Protective association, asserted that he kept a reputable establishment where girls came only with their relatives.

Coroner Hoffman testified that of the 1,500 women suicides in his eight years tenure of office most were because of despondency, the chief cause of which was a lack of money.

ONLY SIX VOTES AGAINST

Minnesota House Passes Senate Compensation Bill.

St. Paul, April 12.—The house passed the senate workmen's compensation bill by a vote of 102 to 6. Six amendments were added, four being of sufficient importance to anticipate a refusal by the senate to concur in the passage of the bill. The result of the house action will be the appointment of a conference committee to come to an agreement on the house amendments, so that the bill may be re-passed before the last few busy days of the session are reached. When an agreement has been reached in the conference committee and approved by the house and senate action will be final on what many believe is the most important measure that has come up in the 1913 legislative session.

The record ballot of the senate was made when fifty-eight members voted in favor of the R. C. Dunn bill appropriating \$25,000 to pay expenses of members of the First Minnesota regiment of the Civil war, the governor and staff on a trip to the battlefield of Gettysburg in July to celebrate the fiftieth anniversary of the battle.

The senate adopted the conference committee report on the Bjornson bill for the printing of constitutional amendments in all newspapers of the state. The report had been adopted by the house, so the bill is now ready for the governor.

RECEIVES THREE BISHOPS

Pope Pius Ignores Injunctions of His Physicians.

Rome, April 12.—Despite the injunctions of his physicians and the remonstrances of his attendants Pope Pius received in audience three bishops who had headed a pilgrimage to Rome to visit him and bestowed upon them the papal blessing.

The meeting between the pontiff and the three aged bishops was pathetic. As they entered the sick room they threw themselves at the feet of the pope, who was sitting in his armchair. The pope smiled and, lifting his hands above their heads, bestowed his blessings. This, he said, was intended not alone for the prelates, but for the pilgrims who had journeyed to Rome to pay him tribute.

The bishops, who had been warned to make the audience as short as possible, left the papal bedroom, their eyes brimming with tears.

MAY 2 WILL BE ARBOR DAY

Governor Urges Vigilance in Protecting Trees and Preserving Flowers.

St. Paul, April 12.—Arbor and bird day, May 2, was designated in a proclamation by Governor Eberhart, in which the executive in a discourse of 500 words lauds the tree as "one of the most beautiful of God's creations."

"Minnesota has the greatest timber resources of any state east of the Rocky mountains," says the proclamation. "Minnesota has been progressing toward a better appreciation of her forest problems. She is still making pitifully small provision for protecting and perpetuating the forests."

"Vigilance must be exercised to preserve the native trees, protect the wild flowers and wild birds, to repair the losses wrought by carelessness, ignorance and greed."

BUFFALO STRIKE IS SETTLED

Street Car Company and Men Agree to Arbitrate.

Buffalo, N. Y., April 12.—The strike of motormen and conductors of the International Railway company, which began last Sunday, was settled through the mediation of Mayor Fuhrmann. Both sides made concessions. The company consented to confer at the mayor's office with President William D. Mahon of the Amalgamated association and the men receded from their demands that after the resumption of car service the negotiations on hours and wages for which they struck should be carried on with a committee of the association.

The strike leaders accepted the company's suggestion that questions which cannot be thus settled be left to three arbitrators instead of having Mayor Fuhrmann act alone.

MORGAN'S BODY IN STATE.

New York, April 12.—The body of J. Pierpont Morgan lies among the art treasures of his private library. Among the rare bronzes, costly paintings and other art objects which he brought here from Europe, the body of the dead financier will lie in state until Monday morning, when the funeral services will be held in St. George's Protestant Episcopal church.

Begin to Realize Magnitude of Impending Strike.

WALKOUT OCCURS ON MONDAY

Socialists Declare Fifty Per Cent of the Industrial Workers Will Lay Down Their Tools—Country Stands to Lose One Hundred Thousand Dollars a Day—Dock Laborers May Not Join Movement.

Brussels, April 12.—Belgium stands to lose \$100,000 every day the general strike lasts, if, as the Socialists declare and hope, 50 per cent of the industrial laborers quit work next Monday. This is the estimate made by economists.

The full realization of the tremendous economic blow now impending is beginning to permeate all sections of the population and a feeling of great uneasiness reigns. The government and local authorities are fast completing final preparations to meet emergencies. According to latest reports from labor centers the walkout will be complete among miners, metal workers, quarrymen and textile workers.

The decision of the glass workers to join the strike has created something like consternation. Every furnace that is permitted to die down must be destroyed with dynamite and rebuilt. This would involve a total cost of \$180,000. There are twenty-seven furnaces in Belgium whose export of window glass amounts to \$1,000,000 a month. As to the blast furnaces, a majority of which will be allowed to cool off, their extinction will mean a clear loss of \$20,000 daily.

The Antwerp dock workers are causing the strike organizers some uneasiness. They appear to be hanging in the balance as to whether they will stop work and desperate efforts are being made to obtain their adhesion to the strike movement. A strike of these men would be most important, as it would bottle up the entire export and import trade.

Many workmen are withdrawing their money from savings banks.

REFUSES TEMPTING MEALS

Mrs. Pankhurst Ignores All Food Placed Before Her.

London, April 12.—Mrs. Emmeline Pankhurst, the militant suffragette leader, who is under sentence of three years' imprisonment on a charge of inciting her followers to destroy property, continues to refuse all food offered her in Holloway jail, despite the tempting procedure of the prison officials in their endeavors to make her eat.

Mrs. Pankhurst never was offered the ordinary prison fare, but had placed before her well cooked meals of roast meats, fowl and vegetables until her strength declined as a result of her hunger strike. Then an attractive diet of food such is given invalids was supplied for her, boiled chicken, custards, beef tea, jellies and tea and coffee.

Of all these, however, she has strenuously refused to partake. She drinks water freely and her strength seems fairly well maintained.

SIGNIFICANCE IN ERB TRIP

Plans Held in Abeyance May Be Taken Up Again.

New York, April 12.—Newman Erb, president of the Minneapolis and St. Louis and Arbor and Salt Lake Railroad companies, left for St. Paul, Denver and other points. He will be gone about a week. There is reason for believing that the trip is of unusual importance, inasmuch as it is understood that various plans which have been held in abeyance by reason of monetary conditions have been taken in hand again.

SMITH BEATS RODELL.

New York, April 12.—Gunboat Smith, the California heavyweight, who has been winning his bouts by knockouts recently, but fourth George Rodell, the Boer Lion, in a ten-round contest here. The foreign fighter put up a game battle, going to the floor eight times from Smith's hard punches, but resuming the fight each time. Twice he was apparently knocked out.

WILSON WOULD OPEN ALASKA

Considers First Step Necessary Appointment of a Governor.

Washington, April 12.—Plans for opening Alaska resources to development as quickly as possible are being considered by President Wilson. The president said he gave the matter extensive study before his inauguration and realized that the first task was the selection of a governor. He intends to appoint a resident of Alaska. He has several names under consideration.

Best Known Cough Remedy

For forty-three years Dr. King's
New Discovery has been known
throughout the world as the most re-
liable cough remedy. Over three mil-
lion bottles were used last year. Isn't
this proof? It will get rid of your
cough, or we will refund your money.
J. J. Owens, of Allendale, S. C., writes
the way hundreds of others have
done. "After 20 years I find that Dr.
King's New Discovery is the best rem-
edy for coughs and colds that I have
ever used." For coughs or colds and
all throat and lung troubles, it has no
equal. 50c and \$1.00 at H. P. Dunn's

Here is an amusing dialogue which
is reported to have taken place in an
English theater. Utility lady, hurrying
in, breathless, five minutes after the
call for distribution of parts in new
spectacular production: "What do I
get?" Stage manager promptly: "You
get a shillin' fine for bein' late, and
you're the empress of India in the pro-
logue and queen of the night in the
last act, and you don't want to show
up in them old blue satin shoes again,
for you've got to sit on a gold throne
ten feet high, with your foot on the
neck of the king of Persia. Now, you
come here tomorrow at 10, letter per-
fect, or you'll be back in the second
row carryin' a tin sword!"

Useless Endeavor.

An English missionary advised a
mill hand to husband his resources, to
spend less in beer and tobacco, in or-
der that he might not feel the pinch of
slack times later on. But the mill
hand, stroking his chin doubtfully, an-
swered in broad Lancashire dialect:
"Aw know a chap as saved about £15
against the slack times, an' they never
come that winter, an' he had all that
brass thrown on his hands."

"Murdering" a Monkey.

"There are always other animals you
must not kill on pain of suffering your
self," says a writer. "A superstitious
concerning animals that is deep rooted
in certain parts of the world is that
the killing of a monkey will bring ill
luck to the killer. Anglo-Indians and
others can give chapter and verse for
many strange fatalities that have hap-
pened to unfortunate persons who
have accidentally or willfully done the
deed. To kill a monkey is horribly
close to murder, he is so embarrassing

churchwarden, which he filled. When
the pipe was smoked he put it in a hol-

DEVELOPMENTS OF WEEK ON RANGE

Drilling and Exploration Work Proceeding Unchecked and in Growing Volume

SHAFT TO BE SUNK IN BRAINERD
Brainerd-Cuyuna Mining Co. Has Developed Large Tonnage in City Limits Here

The strike of the underground miners on the north range, deemed by many to be of short duration, has had no effect whatever on drilling and other exploration work. This has proceeded calmly and unchecked.

The Cuyuna-Mille Lacs Iron company has resumed shipments of ore. It has a modern and up to date plant. There are three boilers of 150 horsepower each, which gives one for relay. A large double drum hoist, capacity 12,000 pounds, permits working on different levels at the same time. A new centrifugal pump of 2,000 gallons capacity will be received this month, which, with the pump now installed, will take care of any flow of water that may be encountered in opening up the ore body on the lower level. The head frame has been completed. Under favorable conditions, barring accidents, the company expects to ship 100,000 tons this year. This mine has not been tied up by the strike.

The Cuyuna-Duluth Iron Co. mine on the north end of the Ironton townsite is proceeding with its shaft sinking. Capt. Wm. Pascoe has charge of this mine as well as the Cuyuna-Mille Lacs mine. The water has not bothered the Cuyuna-Duluth shaft because it is located in an area in which four other shafts have been sunk within a radius of a mile. The Iron Mountain Mining Co. mine is having the water pumped from its shaft. It will be enlarged to a three compartment shaft.

At the Adams mine near Oreland a surface crew is employed. Contractor Buzzo, of Eveleth, has a crew engaged in sinking.

The Barrows mine of the Virginia Ore Mining Co. at Barrows has its shaft about clear from water and it is confidently expected that hoisting will be resumed April 15.

The Pennington pit mine west of Crosby and Ironton has a crew of 150 men at work. They have steadily continued work and the mine will be a large shipper this season.

The Pittsburgh Steel Ore Co. hydraulic mine resumed work after a short layoff during the winter. Supt. Nelson has installed new equipment consisting of two 2,000 gallon pumps and a 3,000 gallon sand sucker. Electric current to run these is furnished by the Cuyuna Range Power Co. This mine also expects to ship this season. The Soo Line has been extended to the mine from the Armour No. 1 mine.

Surveys have been made from section 17, on south towards Lorch and crossing the Northern Pacific railway the Soo is expected to tap the ore bodies in section 13, township 45, range 30 and proceed west to Brainerd. The 13-45-30 property is controlled by the Longyear Exploration Co. On three forties an ore body of two or three million tons has been disclosed. The southwest quarter of the northwest quarter, and the northwest quarter of the southwest quarter are owned by R. K. Whiteley of Brainerd. The southeast quarter of the northwest quarter is owned by Cuyler Adams of Deerwood, R. J. Hartley, Con O'Brien, Dr. Werner Hemstead, C. A. Allbright and others of Brainerd. Two drills have explored the three forties and have now about concluded their work.

The Brainerd-Cuyuna Mining Co. has a drill on the Holland property within the city limits of Brainerd. In hole No. 21 there was encountered 200 feet of iron ore. One hole on the property struck ore averaging 58 per cent and extending from 100 feet to 230 feet. The general average of the 21 holes sunk has been very good ore and a large deposit guaranteeing the sinking of a shaft this spring. The company has purchased for \$6,700 the 168 acres from Robert Michaelson situated in section 6, township 133, range 28.

R. J. Whiteside, of Duluth, is reported to have two drills in section 14, township 138, range 26. Other parties have a drill in section 18 near by.

The Cuyuna Range Power Co. dam will soon furnish water power and the company is figuring on supplying Brainerd, Staples, Aitkin, Verndale and other points with current. The company recently secured the electric haulage contract at the Armour No. 1 and has also been promised the haulage at the Kennedy mine.

The Vermes-Cuyuna Mining & Development company is now having its eighth hole drilled. Good ore, it is claimed, was found in the other holes sunk on its property in section 8, township 46, range 29.

Frank A. Barber of Duluth, has quit claimed to the St. Louis County Realty Co. an undivided 1-16 interest in the southeast quarter of section 4, township 45, range 30. Elling M. Johnson has sold to F. W. Marsh the southeast quarter of the southwest quarter, the southwest quarter of the southeast quarter, the northeast quarter of the southeast quarter and lot 1 of section 14, township 136, range 29 for \$4,158. C. P. Myers has sold to J. P. Myers the northeast quarter, the north half

of the northwest quarter, the southwest quarter of the northwest quarter of section 25, township 138, range 28 for \$2,800.

George P. Coleman has sold to John Swinland an undivided 1-24 interest in the southwest quarter of the northwest quarter and the west half of the southwest quarter of section 26, township 136, range 26. Edgar L. Kingsley has sold to F. A. Hurd the south half of the northeast quarter of section 24, township 138, range 25 for \$800.

L. W. Gilbert has sold to William F. Rau for \$2750 the south half of the southwest quarter of section 22, township 44, range 29 and the east half of the southeast quarter of section 21, township 44, range 29.

Gust A. Thoreen has sold to Frank G. Schrader the east half of the southwest quarter of section 11, township 136, range 29 for \$1920. P. M. Thoreen has sold to James Ingram for \$1500 the west half of the southwest quarter and the southeast quarter of the southwest quarter of section 34, township 136, range 29.

RANGE STRIKE MAY SOON BE SETTLED

Deputy State Labor Commissioner Allbright Confers With Striking Miners and Owners

THE SITUATION IS UNCHANGED

A Settlement May be Reached in a Short Time—Liquor Lid Clamped Down Tight

At noon today the situation on the range remained the same. The miners were idle and the mines had not resumed work. Sheriff Reid states there has been no disorder although the men are still out and none of the four mines involved has resumed hoisting.

The Soo Line brought in a special from Duluth yesterday carrying many mining investors prominently identified with the development of the range.

It is reported unofficially that many of the older miners with families have expressed a willingness to return to work. This is denied by the leaders of the strike.

In the event that the older miners wish to return to work, one or more mines will be able to resume hoisting.

The lid on the range is clamped down tight. Efforts of several men to obtain whiskey in suit cases at Deerwood, four miles outside the strike area, proved fruitless.

SURPRISED AT ANNOUNCEMENT

Dr. F. J. Sykora Did Not Wish to Make Public the Letter From Rockefeller Institute

Dr. F. J. Sykora, when interviewed this morning regarding the offer made to him by the Rockefeller Institute of Medical Research to become a member of its faculty, said he was very much surprised to see the article in the Dispatch and that he was deeply chagrined that it should have been made public before he had had the opportunity to verify it in all particulars.

He did not wish to make any statement whatever about the matter until he was absolutely satisfied about the genuineness of the offer, and he deeply deplored the publicity accorded him.

It may be stated that the doctor was written in regard to the proposition, but beyond that, Dr. Sykora would vouchsafe no further information.

BASEBALL MEETING MONDAY

A "Get Together" Meeting Planned for Monday Evening at the Gardner Auditorium

Baseball fans of the city have planned a "get together" meeting for Monday evening, April 14, at the Gardner auditorium. The meeting is called for eight o'clock in the evening.

At that time it will be proposed to amalgamate the baseball enthusiasm of the city into one city team. Little Falls and other towns are raising money for their city teams and Brainerd can do the same.

By uniting on one team a nine will be evolved which will make Brainerd occupy as prominent a place on the baseball map as the town ever enjoyed in the palmiest days of baseball.

One good team having the united support of the citizens will accomplish wonders and will be a good advertisement for Brainerd.

CARUSO'S VOICE RAISED ON QUESTION OF WOMAN'S DRESS

Famous Tenor Tells the Public What He Likes

Proves His Right as Critic of Woman's Dress by Selection of Three Charming Gowns

Caruso has taken his reputation in his hands. He to whom ridicule of fads in dress is a delight and a diversion, and who behind the scenes and in private life loves to poke fun at the primadonnas and their sisters in front of the footlights, ventures bravely forth as a fashion expert.

In the current issue of "Good Dressing," the fashion magazine published by "Michael's" through co-operation with 3,000 other merchants, he selects his choice of three dresses for spring.

Those who know his weakness for judging things by money standards might well expect that he would choose elaborate creations. But strangely enough, the dresses he chooses are inexpensive and not at all the kind you might expect from an artist who receives a small fortune for each performance.

His first choice is a model that may be made of any fabric that has

little body or stiffness, such as voile, crepe, dimity, the dotted and embroidered swisses, lansdowne, or any of the dainty silk and cotton mixtures. His second choice is a beautiful modification of a draped tunic—a charming afternoon and church dress if made of a dark violet crepe de chine with yoke of shadow net, or less expensively, of a Delft blue crepe or cotton voile.

In the same issue of this interesting fashion authority Mrs. Woodrow Wilson and her three daughters give their choice of the prevailing modes. "The First Lady of the Land" has very decided ideas on the subject of dress, and already she has created quite a furore in society circles by commenting on extravagance in clothes expenditure. Her selections are timely and reveal an innate love of simplicity.

A novel feature of this May number is "The Springtime Dress That Trims Itself." Next to a dress that would make and pay for itself, one that "trims itself" should be most interesting to women readers. Ten illustrations for this article are shown, and it presents a novel solution to many women who are perplexed oftentimes to get a dress that

is pretty and at the same time within their means.

Each issue of "Good Dressing" grows in interest, and a new department, just announced editorially, is that entitled "Dressing the Children." This new department will be edited by Selma Yorke, one of the best known and closest students of children's clothes needs, and it will be of great interest to mothers generally.

Besides these big features, "Good Dressing" has a long list of instructive articles on the new season's styles whose titles suggest a world of information.

William Leslie Taylor of Brainerd, and Guy N. Bjorge Arrive at New York City

HAD ADVENTURES WITH INDIANS

Neither Taylor Nor Bjorge Would Talk Much of Their Experience to Fellow Passengers

New York, April 12—Fresh from the wilds of Venezuela, where they were attacked by a band of hostile Indians and had a narrow escape from death or capture, William Leslie Taylor of Brainerd and Guy N. Bjorge of Duluth, reached here last night on the steamer Zulla from Maracaibo. The pair were exploring oil lands for a New York company when they were set upon by the savages.

Neither Taylor nor Bjorge would talk of their experiences, but fellow passengers said the former had been severely wounded by arrows during the skirmish. The attacking party was finally driven off by a hot fire from the Americans' automatic pistols after two members of the hostile band had been killed.

A Monster Rowboat.

The first big vessel that history records, but not of steam, was that of Ptolemy Philopater, an Egyptian, who is said to have constructed a barge 420 feet long, 47 feet broad and 72 feet deep from the highest point of the stern, which in olden days, even past the time of Columbus, was always the highest point of a ship. This vessel, according to historical records, was propelled by 4,000 rowers, who sat in five banks, using oars fifty-seven feet in length that were worked by lead at the handles.—New York Press.

"All Clear Gain!"

The earliest recorded royal marriage at St. James', says Archdeacon Sinclair in "The Chapels Royal," was that of William and Mary, in 1677. The bride was very reluctant, for she had set her heart on a handsome young Scots lord, and she wept for two days when her destiny was announced. Charles II., who was present at the wedding, "covered the unwillingness of the bride with sprightly remark." When William endowed his bride with all his worldly goods he put a handful of gold and silver coins on the book, whereupon Charles told his niece to gather it up and put it all in her pocket, for it was all clear gain.

It Came Back.

A workman on his way to a football match met a friend and in a cheery voice asked, "Are you going to the match, Bill?" "No," said Bill in a sad tone. "I can't afford it." "Now, look here," said Jack, moved by a generous impulse. "I've got a bad sixpence, an' if you like to try an' pass it I'll treat you." "Let's have hold of it," said Bill. "You can back me to pass it. I've done that sort of thing before." Off they went together, and on arriving at the ground Bill boldly put down the bad sixpence and walked through the turnstile. Jack came next and put down a shilling and, to his great and unspeakable disgust, received the bad sixpence as change.—Western Mail.

CHINA DECLARES
NATION IS FREE

Declaration Takes Form of Address to the World.

CABINET PRAISES DOCUMENT

President Wilson and His Advisers Enthusiastic Over the Sentiments Expressed and Formal American Recognition of the Republic Only Awaits Actual Organization of the Constituent Assembly.

Washington, April 12.—The Chinese declaration of independence, which took the form of an address to the world, was cabled here from Peking and after being read in the cabinet meeting was made public. State department officials declared it reflected the influence of the young Chinese members who have been educated in American colleges. The president and his cabinet praised it enthusiastically and formal recognition of the republic by the United States awaits only the actual organization of the constituent assembly, which meets again soon in Peking. The text of the address follows:

"On this eighth day of the fourth month in the second year of the republic of China, the date fixed for the first opening of our permanent national assembly, the members of the senate and the house of representatives, having met in these halls to celebrate the event, now make this declaration of their sentiments.

"The will of heaven is manifested through the will of the people. That the hundreds of millions of the people possess the authority of the state is proclaimed now for the first time. The monarchy, so long corrupt, proved unworthy of the grave responsibilities entrusted to it by the will of the people, but with the introduction of popular government the representatives of the people must share the likes and dislikes of the people.

Voice Will of the People.

"They are to give expression to the desires and voice the will of the people; they hold the reins in behalf of the nation to govern with severity or leniency, with parsimony or extravagance. They become the pivot upon which the prosperity of the state is made to turn. For the success or failure, safety or danger, adversity or good fortune, theirs is the merit or the blame.

"Can we be otherwise than anxious? Yet through great tribulation the spring comes to prosperity. Now, therefore, we unite to form this assembly and presume to publish our aspirations. May ours be a just government! May our five races lay aside their prejudices! May rain and sunshine bring bounteous harvest and cause the husbandman to rejoice! May the scholar be happy in his home and the merchant conduct his trade in peace! May no duty of government be unfulfilled and no hidden wound go unaddressed!

"Thus may the glory be spread abroad, and these, our words, be echoed far and wide that those in distant lands who hear may rejoice. Our neighbors on every side give us praise and may the new life of the old nation be lasting and unending! Who of us can dare to be neglectful of his duties?"

GAVE BIRTH TO QUINTUPLETS

Mother Writes Relative Physicians Expect All Five to Live.

Ithaca, N. Y., April 12.—A quintet of infants was born recently to Mrs. Charles Smith of Danby, a few miles south of here. Mrs. Smith writes her nephew, Robert Wafer, a prominent Ithaca street railway official, that the five are well and healthy and the physicians expect them to live.

It is said that the birth of quintuplets has been recorded in this country only three times.

FROM FARMER TO CONSUMER

Texas Will Sell Vegetables Cheap in Chicago.

Chicago, April 12.—Vegetables at cost, direct from the farmer to the consumer, will be available in this city after April 25, according to a plan of Texas farmers to demonstrate the possibility of economy in the distribution of farm products. Thirty of them have formed an association to begin the attack on the cost of living.

April 25 will see the beginning of a shipment of 200 carloads of Bermuda onions to this city. At distributing stations they will be sold at 3 cents a pound in ten-pound cartons. Hampers containing an assortment of fresh vegetables, enough to last a family of five one week, will be sold for \$1.20.

SENATOR OWEN.

May Prepare Bill for Bank Guaranty.

Copyright by American Press Association.

URGES BANK GUARANTY PLAN

Senator Owen Likely Will Propose Measure.

Washington, April 12.—A modified form of bank guaranty probably will be recommended by Senator Owen, chairman of the senate banking and currency committee, when the committee begins preparation of a currency reform bill. His present plan is not for a direct guaranty of bank deposits, but for the establishment of a fund to insure immediate payment to creditors and depositors when a bank is forced to close its doors.

Senator Owen said he believed that such a fund out of which the depositors could be paid immediately, in proportion to the visible assets of the defunct bank, would be a great factor in allaying panic and preventing financial distress.

WILL INVESTIGATE
HOMESTEAD CASES

Special Agent Will Be Sent to South Dakota.

Washington, April 12.—Investigation of the protest of the South Dakota legislature against the "abuses coincident to the system of employing special agents in homestead cases," will be conducted by a personal representative of Secretary Lane of the interior department. The inquiry may be extended to include other Western states.

Secretary Lane wrote to Secretary of State Glaser of South Dakota, notifying him that a personal representative would be sent and asking that he be given "such aid as will lead to the adoption of an appropriate remedy for whatever evils at present exist."

"I wish to make our service one under which all the rights of homesteaders will be protected by reasonable and just regulations and to support the government's representatives strongly in doing their duty. But, of course, arbitrary acts, or malicious acts, must be condemned."

Secretary Lane said complaints against special agents often came from persons who were evading the law.

PARCEL OUT THEIR WORK

House Progressives Confer on Legislative Program.

Washington, April 12.—The Progressive conference of the house proceeded out of the work of preparing the measures that will form a part of the Progressive legislative plan. The house members will work in conjunction with the legislative committee of the national Progressive party, of which Gifford Pinchot, Jane Addams, Dean Lewis of Pennsylvania university, Walter Weyl and other prominent persons are members.

Ten legislative subjects were assigned to the conference. Bills on these subjects will be prepared by the members assigned to them and will form the basis for the legislative campaign of the Progressives in the present congress.

CAUCUS MAKES ONE CHANGE

House Democrats Put Shoe Machinery on Free List.

Washington, April 12.—Shoe machinery, now taxed 45 per cent and on which a reduction of 25 per cent was proposed by the tariff revision bill, was ordered transferred to the free list by the Democratic caucus of the house. It was the first real break of the Democrats from the ways and means committee rates.

Another development was the agreement of Louisiana members on an anti-free sugar program in the caucus, with Representative Broussard on guard to offer a series of amendments to the sugar schedule to represent the sentiment of the Louisiana cane sugar interests and the beet sugar sections.

DEMOCRATS SEEK
TARIFF AGREEMENT

Party Program May Avert Divisions.

LEADERS OUTLINE PLANS.

Method Now in Vogue Supersedes Original Idea of Revenue Legislation, but Has Become Established Through Use by Parties in Control—Vic Murdock's Big Job.

By ARTHUR W. DUNN.

Washington, April 12.—(Special.)—The effort the Democrats have been making toward securing a general agreement upon the tariff bill, which is to be passed, is a shrewd move. It prevents all sorts of divisions and complications. If such an agreement can be carried out it will prevent anything like factional disturbances and possible defeat of the bill when it is almost ready to pass.

An agreement between the leaders of the house and senate and the president may not insure all the Democratic votes for the measure, but it means going straight ahead with a party program, and those who do not like it will have to content themselves by protesting.

Of course such a method of making a tariff is going far afield from the original idea of lawmaking. The constitution provides that the revenue legislation shall originate in the house, seemingly giving the house control, but the later method has superseded that style.

Like Republican Times.
The Democratic way reminds one of the methods adopted by the Republicans in the days when they held sway in the nation. A few leaders of the house, a few in the senate and the president would get together in the White House and outline a programme and follow it. The rank and file came along as a matter of course.

There were "tickers," of course, who finally became insurgents, and the insurgents became Progressives, and finally there was a divided party. It is not quite the Democratic way to have a few leaders fix things for the rank and file to support, but it appears the best way to prevent divisions.

Vic Murdock's Big Job.

Vic Murdock is the congressional leader of the Progressive party, and it is up to him to show the country that his party is a real factor in politics. Just now the Republicans are trying to prove that the Progressive party is losing its grip, that only when Roosevelt is the candidate is there any real Progressive party and that when the next elections are held the Progressives will have returned to their old allegiance.

In the senate there are Progressives, but no separate Progressive organization. The men who were Republicans have been recognized as such by the Republican organization. Hence there is no Progressive leader in the senate. It falls upon Murdock to be the congressional leader in the days that will be hardest for the party.

Texas and the Cabinet.

There are a number of states of the Union which have never been represented in the cabinet, but Albert Sidney Burleson is the first Texan that ever held a cabinet place, although the state was admitted in 1845, nearly twenty years ago. It seems rather strange, for Texas has always been a large state with a large population.

Other States Not Recognized.

Rhode Island, although one of the original thirteen states, has never had a man in the cabinet. Florida is another old state that has not been so honored, and Kansas, with more than fifty years of statehood, is in the same category. Nevada is another old state without that distinction.

The other states, all admitted less than twenty-five years, which have received no cabinet appointments are Arizona, Idaho, Montana, New Mexico, North Dakota, Oklahoma, South Dakota, Washington and Utah.

Twas Not So Easy.

Champ Clark was one of the disappointed Democrats when it was found that economy had been thrown to the winds. When he was minority leader he savagely attacked the Republican side for its extravagance, quoting Senator Aldrich's assertion that a business man could run the government for \$300,000,000 less than it now costs. Champ said he would make an effort to carry out that reform. But, alas for human endeavor! The first congress over which he presided increased instead of diminished the expenditures.

Trouble Makers.

All sorts of trouble is predicted for states which are to elect senators by direct vote in case thirty-six states ratify the Borah-Bristow resolution. Many states have made no provision for such elections, and it is claimed that state legislatures must act before elections can be held. Governors in states where elections are pending will have to call extra sessions to provide a system or, rather, the machinery by which the people can vote for their senators.

A Real Sea Dog.

VICE IS PREVALENT
IN CHICAGO HOTELS

Many Women Kill Themselves Because Penniless.

Chicago, April 12.—Testimony as to the assistance of certain downtown hotels in furthering the downfall of young girls was given at the session of the Illinois legislative white slavery commission, which is attempting to uncover the reasons why girls drift into immoral lives.

After juvenile court officers and social workers had testified concerning immoral dance halls and one girl witness had told her story of her ruin, George Tollen, an employ of a hotel a few doors from detective headquarters, took the stand and told of how girls as young as fifteen years of age were brought to the place.

Young women were often brought there in taxicabs in a state of intoxication, Tollen declared. He said that he had often heard girls sobbing and pleading in the rooms. The sixteen rooms of the place were rented nightly to an average of one hundred couples, he said.

The proprietor of a dance hall, who was brought into court after his name had been furnished by the Juvenile Protective association, asserted that he kept a reputable establishment where girls came only with their relatives.

Coroner Hoffman testified that of the 1,500 women suicides in his eight years tenure of office most were because of despondency, the chief cause of which was a lack of money.

ONLY SIX VOTES AGAINST

Minnesota House Passes Senate Compensation Bill.

St. Paul, April 12.—The house passed the senate workmen's compensation bill by a vote of 102 to 6. Six amendments were added, four being of sufficient importance to anticipate a refusal by the senate to concur in the passage of the bill. The result of the house action will be the appointment of a conference committee to come to an agreement on the house amendments, so that the bill may be re-passed before the last few busy days of the session are reached. When an agreement has been reached in the conference committee and approved by the house and senate action will be final on what many believe is the most important measure that has come up in the 1913 legislative session.

The record ballot of the senate was made when fifty-eight members voted in favor of the R. C. Dunn bill appropriating \$25,000 to pay expenses of members of the First Minnesota regiment of the Civil war, the governor and staff on a trip to the battlefield of Gettysburg in July to celebrate the fiftieth anniversary of the battle.

The senate adopted the conference committee report on the Bjornson bill for the printing of constitutional amendments in all newspapers of the state. The report had been adopted by the house, so the bill is now ready for the governor.

RECEIVES THREE BISHOPS

Pope Pius Ignores Injunctions of His Physicians.

Rome, April 12.—Despite the injunctions of his physicians and the remonstrances of his attendants Pope Pius received in audience three bishops who had headed a pilgrimage to Rome to visit him and bestowed upon them the papal blessing.

The meeting between the pontiff and the three aged bishops was pathetic. As they entered the sick room they threw themselves at the feet of the pope, who was sitting in his armchair. The pope smiled and, lifting his hands above their heads, bestowed his blessings. This, he said, was intended not alone for the prelates, but for the pilgrims who had journeyed to Rome to pay him tribute.

The bishops, who had been warned to make the audience as short as possible, left the papal bedroom, their eyes brimming with tears.

MAY 2 WILL BE ARBOR DAY

Governor Urges Vigilance in Protecting Trees and Preserving Flowers.

St. Paul, April 12.—Arbor and bird day, May 2, was designated in a proclamation by Governor Eberhart, in which the executive in a discourse of 500 words lauds the tree as "one of the most beautiful of God's creations."

"Minnesota has the greatest timber resources of any state east of the Rocky mountains," says the proclamation. "Minnesota has been progressing toward a better appreciation of her forest problems. She is still making pitifully small provision for protecting and perpetuating the forests."

"Vigilance must be exercised to preserve the native trees, protect the wild flowers and wild birds, to repair the losses wrought by carelessness, ignorance and greed."

BUFFALO STRIKE IS SETTLED

Street Car Company and Men Agree to Arbitrate.

Buffalo, N. Y., April 12.—The strike of motormen and conductors of the International Railway company, which began last Sunday, was settled through the mediation of Mayor Fuhrmann. Both sides made concessions. The company consented to confer at the mayor's office with President William D. Mahon of the Amalgamated association and the men receded from their demands that after the resumption of car service the negotiations on hours and wages for which they struck should be carried on with a committee of the association.

The strike leaders accepted the company's suggestion that questions which were thus settled be left to three arbitrators instead of having Mayor Fuhrmann act alone.

MORGAN'S BODY IN STATE.

New York, April 12.—The body of J. Pierpont Morgan lies among the art treasures of his private library. Begin to Realize Magnitude of Impending Strike.

WALKOUT OCCURS ON MONDAY

Socialists Declare Fifty Per Cent of the Industrial Workers Will Lay Down Their Tools—Country Stands to Lose One Hundred Thousand Dollars a Day—Dock Laborers May Not Join Movement.

Brussels, April 12.—Belgium stands to lose \$100,000 every day the general strike lasts, if, as the Socialists declare and hope, 50 per cent of the industrial laborers quit work next Monday. This is the estimate made by economists.

The full realization of the tremendous economic blow now impending is beginning to permeate all sections of the population and a feeling of great uneasiness reigns. The government and local authorities are fast completing final preparations to meet emergencies. According to latest reports from labor centers the walkout will be complete among miners, metal workers, quarrymen and textile workers.

The decision of the glass workers to join the strike has created something like consternation. Every furnace that is permitted to die down must be destroyed with dynamite and rebuilt. This would involve a total cost of \$180,000. There are twenty-seven furnaces in Belgium whose export of window glass amounts to \$1,000,000 a month. As to the blast furnaces, a majority of which will be allowed to cool off their extinction will mean a clear loss of \$20,000 daily.

The Antwerp dock workers are causing the strike organizers some uneasiness. They appear to be hanging in the balance as to whether they will stop work and desperate efforts are being made to obtain their adhesion to the strike movement. A strike of these men would be most important, as it would bottle up the entire export and import trade.

Many workmen are withdrawing their money from savings banks.

REFUSES TEMPTING MEALS

Mrs. Pankhurst Ignores All Food Placed Before Her.

London, April 12.—Mrs. Emmeline Pankhurst, the militant suffragette leader, who is under sentence of three years' imprisonment on a charge of inciting her followers to destroy property, continues to refuse all food offered her in Holloway jail, despite the tempting procedure of the prison officials in their endeavors to make her eat.

Mrs. Pankhurst never was offered the ordinary prison fare, but had placed before her well cooked meals of roast meats, fowl and vegetables until her strength declined as a result of her hunger strike. Then an attractive diet of food such is given invalids was supplied for her, boiled chicken, custards, beef tea, jellies and tea and coffee.

Of all these, however, she has strenuously refused to partake. She drinks water freely and her strength seems fairly well maintained.

SIGNIFICANCE IN ERB TRIP

Plans Held in Abeyance May Be Taken Up Again.

New York, April 12.—Newman Erb, president of the Minneapolis and St. Louis and Arbor and Salt Lake Railroad companies, left for St. Paul, Denver and other points. He will be gone about a week. There is reason for believing that the trip is of unusual importance, inasmuch as it is understood that various plans which have been held in abeyance by reason of monetary conditions have been taken in hand again.

SMITH BEATS RODELL.

New York, April 12.—Gunboat Smith, the California heavyweight, who has been winning his bouts by knock-outs recently, outboxed George Rodell, the Boer Lion, in a ten-round contest here. The foreign fighter put up a same battle, the going to the floor eight times from Smith's hard punches, but resuming the fight each time. Twice he was apparently knocked out.

WILSON WOULD OPEN ALASKA

Considers First Step Necessary Appointment of a Governor.

Washington, April 12.—Plans for opening Alaska resources to development as quickly as possible are being considered by President Wilson. The president said he gave the matter extensive study before his inauguration and realized that the first task was the selection of a governor. He intends to appoint a resident of Alaska. He has several names under consideration.

"Murdering" a Monkey.

"There are always other animals you
must not kill on pain of suffering your
self," says a writer. "A superstition
concerning animals that is deep rooted
in certain parts of the world is that
the killing of a monkey will bring ill
luck to the killer. Anglo-Indians and
others can give chapter and verse for
many strange fatalities that have hap-

close to murder, he is so embarrassing

Useless Endeavor.

An English missionary advised a
mill hand to husband his resources, to
spend less in beer and tobacco, in or-

"Aw know a chap as saved about £15

coom that winter, an' he had all that
brass thrown on his hands."

"The most successful spring and summer style show we have ever seen."

That's the universal expression of approval which has been voiced by the many pleased patrons who have visited this live store since our doors first opened on the very remarkable showing of Spring and summer styles from

The House of Kuppenheimer

which have ever been shown in our progressive city.

We are delighted---and now as ever before, we are encouraged to go on in the perfecting of a store where style, service and lasting satisfaction shall reign supreme.

If you haven't as yet visited the Style Show, we want you to be sure and come in today. We want to show you the strikingly effective styles, which we have gathered together for you.

In Suits, you will find both single and double-breasted models. Close-fitting, comfortable English ideas, in which the soft rolling labels are the dominating feature. You will also find a mighty interesting assortment of conservative business Suits tailored by experts from pure wools of worth, with the idea of serviceability under the most strenuous circumstances.

In a word, we want to show you garments which will meet every demand you may wish to make of them, and tailored in a style from a fabric, and in a shade, which will truly reflect your own particular personality.

The prices are well within reason. In fact, as low as good clothes can be sold for by anyone anywhere.

DEVELOPMENTS OF WEEK ON RANGE

Drilling and Exploration Work Proceeding Unchecked and in Growing Volume

SHAFT TO BE SUNK IN BRAINERD

Brainerd-Cuyuna Mining Co. Has Developed Large Tonnage in City Limits Here

The strike of the underground miners on the north range, deemed by many to be of short duration, has had no effect whatever on drilling and other exploration work. This has proceeded calmly and unchecked.

The Cuyuna-Mille Lacs Iron company has resumed shipments of ore. It has a modern and up to date plant. There are three boilers of 150 horsepower each, which gives one for relay. A large double drum hoist, capacity 12,000 pounds, permits working on different levels at the same time. A new centrifugal pump of 2,000 gallons capacity will be received this month, which, with the pump now installed, will take care of any flow of water that may be encountered in opening up the ore body on the lower level. The head frame has been completed. Under favorable conditions, barring accidents, the company expects to ship 100,000 tons this year. This mine has not been tied up by the strike.

The Cuyuna-Duluth Iron Co. mine on the north end of the Ironton townsite is proceeding with its shaft sinking. Capt. Wm. Pascoe has charge of this mine as well as the Cuyuna-Mille Lacs mine. The water has not bothered the Cuyuna-Duluth shaft because it is located in an area in which four other shafts have been sunk within a radius of a mile.

The Iron Mountain Mining Co. mine is having the water pumped from its shaft. It will be enlarged to a three compartment shaft.

At the Adams mine near Oreland a surface crew is employed. Contractor Buzzo, of Eveleth, has a crew engaged in sinking.

The Barrows mine of the Virginia Ore Mining Co. at Barrows has its shaft about clear from water and it is confidently expected that hoisting will be resumed April 15.

The Pennington pit mine west of Crosby and Ironton has a crew of 150 men at work. They have steadily continued work and the mine will be a large shipper this season.

The Pittsburgh Steel Ore Co. hydraulic mine resumed work after a short layoff during the winter. Supt. Nelson has installed new equipment consisting of two 2,000 gallon pumps and a 3,000 gallon sanducker. Electric current to run these is furnished by the Cuyuna Range Power Co. This mine also expects to ship this season. The Soo Line has been extended to the mine from the Armour No. 1 mine.

Surveys have been made from section 17, on south towards Loerch and crossing the Northern Pacific railway the Soo is expected to tap the ore bodies in section 13, township 45, range 30 and proceed west to Brainerd. The 13-45-30 property is controlled by the Longyear Exploration Co. On three forties an ore body of two or three million tons has been disclosed. The southwest quarter of the northwest quarter, and the northwest quarter of the southwest quarter are owned by R. K. Whiteley of Brainerd. The southeast quarter of the northwest quarter is owned by Cuyler Adams of Deerwood, R. J. Hartley, Con O'Brien, Dr. Werner Hemstead, C. A. Albright and others of Brainerd. Two drills have explored the three forties and have now about concluded their work.

The Brainerd-Cuyuna Mining Co. has a drill on the Holland property within the city limits of Brainerd. In hole No. 21 there was encountered 200 feet of iron ore. One hole on the property struck ore averaging 58 per cent and extending from 100 feet to 230 feet. The general average of the 21 holes sunk has been very good ore and a large deposit guaranteeing the sinking of a shaft this spring. The company has purchased for \$6,700 the 168 acres from Robert Michaelson situated in section 6, township 133, range 28.

R. J. Whiteside, of Duluth, is reported to have two drills in section 14, township 138, range 26. Other parties have a drill in section 18 near by.

The Cuyuna Range Power Co. dam will soon furnish water power and the company is figuring on supplying Brainerd, Staples, Atkin, Verndale and other points with current. The company recently secured the electric haulage contract at the Armour No. 1 and has also been promised the haulage at the Kennedy mine.

The Vermes-Cuyuna Mining & Development company is now having its eighth hole drilled. Good ore, it is claimed, was found in the other holes sunk on its property in section 8, township 46, range 29.

Frank A. Barber of Duluth, has quit claimed to the St. Louis County Realty Co. an undivided 1-16 interest in the southeast quarter of section 4, township 45, range 30. Elling M. Johnson has sold to F. W. Marsh the southeast quarter of the southwest quarter, the southwest quarter of the southeast quarter, the northeast quarter of the southeast quarter and lot 1 of section 14, township 136, range 29 for \$4,153. C. P. Myers has sold to J. P. Myers the northeast quarter, the north half

HUNGER STRIKE FREES SUFFRAGETTE

London, England, April 12—Mrs. Emmeline Pankhurst, the suffragette leader, was released from Holloway jail this morning. She had been on a hunger strike since being sentenced only nine days ago to three years' penal servitude.

of the northwest quarter, the southwest quarter of the northwest quarter of section 25, township 138, range 28 for \$2,800.

George P. Coleman has sold to John Swinland an undivided 1-24 interest in the southwest quarter of the northwest quarter and the west half of the southwest quarter of section 26, township 136, range 26. Edgar L. Kingsley has sold to F. A. Hurd the south half of the northeast quarter of section 24, township 138, range 25 for \$800.

L. W. Gilbert has sold to William F. Rau for \$2750 the south half of the southwest quarter of section 22, township 44, range 29 and the east half of the southeast quarter of section 21, township 44, range 29.

Gust A. Thoren has sold to Frank G. Schrader the east half of the southwest quarter of section 11, township 136, range 29 for \$1920. P. M. Thoren has sold to James Ingram for \$1500 the west half of the southwest quarter and the southeast quarter of the southwest quarter of section 34, township 136, range 29.

RANGE STRIKE MAY SOON BE SETTLED

Deputy State Labor Commissioner Albright Confers With Striking Miners and Owners

THE SITUATION IS UNCHANGED

A Settlement May be Reached in a Short Time—Liquor Lid Clamped Down Tight

At noon today the situation on the range remained the same. The miners were idle and the mines had not resumed work. Sheriff Reid states there has been no disorder although the men are still out and none of the four mines involved has resumed hoisting.

The Soo Line brought in a special from Duluth yesterday carrying many mining investors prominently identified with the development of the range.

It is reported unofficially that many of the older miners with families have expressed a willingness to return to work. This is denied by the leaders of the strike.

In the event that the older miners wish to return to work, one or more mines will be able to resume hoisting.

The lid on the range is clamped down tight. Efforts of several men to obtain whiskey in suit cases at Deerwood, four miles outside the strike area, proved fruitless.

SURPRISED AT ANNOUNCEMENT

Dr. F. J. Sykora Did Not Wish to Make Public the Letter From Rockefeller Institute

Dr. F. J. Sykora, when interviewed this morning regarding the offer made to him by the Rockefeller Institute of Medical Research to become a member of its faculty, said he was very much surprised to see the article in the Dispatch and that he was deeply chagrined that it should have been made public before he had had the opportunity to verify it in all particulars.

He did not wish to make any statement whatever about the matter until he was absolutely satisfied about the genuineness of the offer, and he deeply deplored the publicity accorded him.

It may be stated that the doctor was written in regard to the proposition, but beyond that, Dr. Sykora would vouchsafe no further information.

BASEBALL MEETING MONDAY

A "Get Together" Meeting Planned for Monday Evening at the Gardner Auditorium

Baseball fans of the city have planned a "get together" meeting for Monday evening, April 14, at the Gardner auditorium. The meeting is called for eight o'clock in the evening.

At that time it will be proposed to amalgamate the baseball enthusiasm of the city into one city team. Little Falls and other towns are raising money for their city teams and Brainerd can do the same.

By uniting on one team a nine will be evolved which will make Brainerd occupy as prominent a place on the baseball map as the town over enjoyed in the palmiest days of baseball.

One good team having the united support of the citizens will accomplish wonders and will be a good advertisement for Brainerd.

Pitcairn Island.

Proves His Right as Critic of Woman's Dress by Selection of Three Charming Gowns

Caruso has taken his reputation in his hands. He to whom ridicule of fads in dress is a delight and a diversion, and who behind the scenes and in private life loves to poke fun at the primadonnas and their sisters in front of the footlights, ventures bravely forth as a fashion expert.

In the current issue of "Good Dressing," the fashion magazine published by "Michael's" through co-operation with 3,000 other merchants, he selects his choice of three dresses for spring.

Those who know his weakness for judging things by money standards might well expect that he would choose elaborate creations. But strangely enough, the dresses he chooses are inexpensive and not at all the kind you might expect from an artist who receives a small fortune for each performance.

His first choice is a model that may be made of any fabric that has

little body or stiffness, such as voile, crepe, dimity, the dotted and embroidered swisses, lansdowne, or any of the dainty silk and cotton mixtures. His second choice is a beautiful modification of a draped tunic—a charming afternoon and church dress if made of a dark violet crepe de chine with yoke of shadow net, or less expensively, of a Delft blue crepe or cotton voile.

In the same issue of this interesting fashion authority Mrs. Woodrow Wilson and her three daughters give their choice of the prevailing modes. "The First Lady of the Land" has very decided ideas on the subject of dress, and already she has created quite a furore in society circles by commenting on extravagance in clothes expenditure. Her selections are timely and reveal an innate love of simplicity.

A novel feature of this May number is "The Springtime Dress That Trims Itself." Next to a dress that would make and pay for itself, one that "trims itself" should be most interesting to women readers. Ten illustrations for this article are shown, and it presents a novel solution to many women who are perplexed oftentimes to get a dress that

is pretty and at the same time within their means.

Each issue of "Good Dressing" grows in interest, and a new department, just announced editorially, is that entitled "Dressing the Children." This new department will be edited by Selma Yorke, one of the best known and closest students of children's clothes needs, and it will be of great interest to mothers generally.

Besides these big features, "Good Dressing" has a long list of instructive articles on the new season's styles whose titles suggest a world of information.

"Fixing Over the Latest Things from Paris."

"When You Combine the Separate Blouse and Skirt."

"If You Want to Use Linen or Chambray."

"What I See at the Spring Matinee."

"Are You Going to Have an Embroidered Dress for Summer?"

"What to Wear on Your Summer Outing."

"How Can I Have Pretty Hair?"

"How Can I Fix My Hat Over?"

"When You Buy a Corset."

"What to wear & when to wear it."

"What Colors Go Together?"

Any reader of the Dispatch can get a copy of "Good Dressing" by calling at the pattern department at "Michael's"—Advt.

BACK FROM WILDS OF VENEZUELA

William Leslie Taylor of Brainerd, and Guy N. Bjorge Arrive at New York City

HAD ADVENTURES WITH INDIANS

Neither Taylor Nor Bjorge Would Talk Much of Their Experience to Fellow Passengers

New York, April 12—Fresh from the wilds of Venezuela, where they were attacked by a band of hostile Indians and had a narrow escape from death or capture, William Leslie Taylor of Brainerd and Guy N. Bjorge of Duluth, reached here last night on the steamer Zulia from Maracaibo. The pair were exploring oil lands for a New York company when they were set upon by the savages.

Neither Taylor nor Bjorge would talk of their experiences, but fellow passengers said the former had been severely wounded by arrows during the skirmish. The attacking party was finally driven off by a hot fire from the Americans' automatic pistols after two members of the hostile band had been killed.

The pastor will preach morning and evening. The subject for the morning will be "Overtaken in a Fault." Evening, "The Witness of John." Besides the regular morning sermon the pastor will give a five minute sermon to the children. The Bible school meets at noon. A new record for attendance at an ordinary session of the school was established last Sunday with 199 in attendance. Only twice before, and that on special occasions has this number been exceeded. Come and help us push the record a little higher up. There will be special music at both services tomorrow. In the morning Mrs. Prescott will sing "Thy Will be Done," by Francis Blair. In the evening there will be a duet.

Swedish Baptist: Preaching at 10:30 a. m., Sunday school at 12:00 m., Young People's Society meeting at 6:30 p. m. Preaching 7:30 p. m. Mid-week meeting Thursday evening at 7:45. Kom med till Herrens hus! Karl A. Lundin, pastor.

Morning sermon subject, "Obedience and Reward." Evening theme "An Evening Preaching Service at Troas."

Swedish Lutheran church, corner Norwood and Broadway. Services in the basement of incompleted new church. Morning services 10:30 a. m., Sunday school at noon. Evening services 7:30 p. m. Rev. Eloy Carlson, pastor.

Norwegian-Danish Lutheran church, near corner 10th and Bluff avenue. Unless otherwise announced the following order will be observed as nearly as possible: Morning services 10:30 a. m., first and third Sunday every month. Evening services at 7:45 p. m., every Sunday in the month except the 4th, when the pastor is regularly at Pequot. No evening services Easter day, Pentecost or similar occasions. C. Hougstad, pastor.

First Baptist church, 324 North Sixth street. Morning services at 10:30. Sunday school at noon. Baptist Young People's Union 6:30 P. M. Evening services at 7:30. Rev. R. E. Cody, pastor.

Evangelist E. H. Rasmussen will on morning and evening. Rev. W. E. Risinger of Minneapolis, will assist in the services and will speak in the Sunday school session. Special music. The series of evangelistic services will close Sunday night. You are asked to come and help make Sunday the greatest day during the series of meetings.

St. Paul's Episcopal church. Holy communion 8:30 A. M., except first Sunday in each month. Morning prayer, litany and sermon at 11 A. M. Sunday school at 10. Evening prayer and sermon at 7:30. Rev. Bernard Campbell, rector.

First Congregational church, corner Juniper and Fifth street. Morning worship 10:30 A. M. Sunday school at 11:45. Y. P. S. C. E. 6:45 P. M. Evening service at 7:30. A

cordial invitation to all services. Rev. G. P. Sheridan, pastor.

Morning sermon, "True Devotion." Music, anthem, response, gloria and hymns by mixed quartet. Evening sermon, "The Doubt of Thomas." Music, hymns, gloria, vesper by choir. Duet, "In the Garden" by Mrs. C. A. Albright and Mrs. C. W. Hoffman. During the opening exercises of the Bible school Rev. Sheridan will sing Gabriel's, "His Eye is on the Sparrow." P. W. Donovan will address the Christian Endeavor meeting at 6:45 P. M.

German Evangelical Bethlehem congregation. Services are now held in our new church building, on Bluff Ave., near Kingwood, on west side of East Brainerd bridge. Morning service at 10:30 A. M. Sunday school right after services. Everybody is most cordially invited to be present. Lenten evening services every Wednesday evening at 7:45. E. Bratzel, pastor.

Sunday school at 10 o'clock. A short study of the lesson, then the delegates to the state Sunday school convention at Duluth, will give their report. This will be followed with an illustrated sermon especially for the children and young people to which the parents are also invited. The primary class meets at 12 o'clock as usual. Services in the evening at 7:30.

Seventh Street Norwegian Lutheran church—420 South Seventh street. Sunday services at 10:45 A. M. and 7:45 P. M. Sunday school 12:15 P. M. Rev. M. L. Hostager, pastor, residence 717 South Seventh street.

Vespers at St. Francis church at 7:30 P. M. every Sunday evening, except during the months of July and August, when there are no evening services.

Extraordinary Epitaph.
One of the most extraordinary epitaphs in the world is upon a tombstone in the cemetery at Debreczin, in Hungary. Literally it reads as follows: "Here lie Joseph Moritz, murdered at sixty-two by his son; Isabella Moritz, wife of the aforesaid Joseph, poisoned at fifty-seven by her daughter; Elizabeth Moritz, who committed suicide at twenty after having poisoned her mother; Joseph Moritz, murderer of his father, who died in prison at twenty-seven."

A Monster Rowboat.

The first big vessel that history records, but not of steam, was that of Ptolemy Philopater, an Egyptian, who is said to have constructed a barge 420 feet long, 57 feet broad and 72 feet deep from the highest point of the stern, which in olden days, even past the time of Columbus, was always the highest point of a ship. This vessel, according to historical records, was propelled by 4,000 rowers, who sat in five banks, using oars fifty-seven feet in length that were weighted with lead at the handles.—New York Press.

Misinterpreted.
"I understand that the young man in the house next to you is a finished cornetist."
"Gee! Is he? I was just screwing up my courage to finish him myself! Who did it?"—Houston Post.

"All Clear Gain!"

The earliest recorded royal marriage at St. James' says Archdeacon Sinclair in "The Chapels Royal," was that of William and Mary, in 1677. The bride was very reluctant, for she had set her heart on a handsome young Scots lord, and she wept for two days when her destiny was announced. Charles II., who was present at the wedding, "covered the unwillingness of the bride with sprightly remark." When William endowed his bride with all his worldly goods he put a handful of gold and silver coins on the book, whereupon Charles told his niece to gather it up and put it all in her pocket, for it was all clear gain.

It Came Back.

A workman on his way to a football match met a friend and in a cheery voice asked, "Are you going to the match, Bill?" "No," said Bill in a sad tone. "I can't afford it." "Now, look here," said Jack, moved by a generous impulse. "I've got a bad sixpence, an' if you like to try an' pass it I'll treat you." "Let's have hold of it," said Bill. "You can back me to pass it. I've done that sort of thing before." Off they went together, and on arriving at the ground Bill boldly put down the bad sixpence and walked through the turnstile. Jack came next and put down a shilling and, to his great and unspeakable disgust, received the bad sixpence as change.—Western Mail.

Brainerd People Have Found That This is Necessary

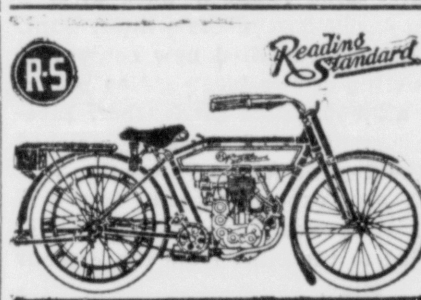

A cold, a strain, a sudden wrench, a little cause may hurt the kidneys. Spells of backache often follow. Or some irregularity of the urine. A splendid remedy for such attacks.

A medicine that has satisfied thousands.

Is Doan's Kidney Pills, a special kidney remedy. Many Brainerd people rely on it. Here is Brainerd proof.

Mrs. Alfred Towers, 416 First Ave., Brainerd, Minn., says: "Our experience with Doan's Kidney Pills has been very satisfactory. Six years ago we used this remedy and at that time it did such good work that we publicly endorsed it. Since then we have taken Doan's Kidney Pills suffering from backache and other symptoms of kidney complaint and we have never failed to receive relief. Our former statement still holds good."
